

Publications – Dr. med Siegfried Rilling

1. First book publications

- a. For spectral analysis of blood 1971
- b. bronchial 1978
- c. Malignant melanoma in 1979
- d. Non-toxic additive therapy and diagnostic methods in cancer 1979
- e. bladder carcinoma 1980
- f. Practice of ozone-oxygen therapy - An information and Workbook 1985
- g. Practice of ozone-oxygen therapy - An information and Workbook (2nd ed.) 1986
- h. Practice of ozone-oxygen therapy - An information and Workbook (3rd ed.) 1990
- i. The Use of Ozone in Medicine First English Edition 1987
- j. compendium of minerals and trace elements - A guide to the practice in 1993
- k. From Tuberculin to immunotherapeutic 1991
- l. From Tuberculin to immunotherapy - Spenglersan Therapy 1993
- m. From Tuberculin to immunotherapy - Spenglersan therapy (2nd ed.) 1993

2. posts in the journal "alternative medicine"

- a. Significant cases from daily practice (EHK 4/1951)
- b. Carcinoma, its early detection and preventive treatment on biological pathways (EHK 6/1952)
- c. The result of a study of 1,000 animal organs, based on the vegetative nervous system (EHK 10/1955)
- d. The third group of eyes diagnostician (EHK 3/1956)
- e. Spectral analysis in Leitzahl- (LZ) system (according to Rilling) (EHK 5/1969)
- f. The mineral balance in rheumatism (EHK 13/1970)
- g. syntropy and Dystropie in diseases (EHK 13/1970)
- h. The importance of mineral balance in the cancer process and its consideration in the practical treatment (EHK 13/1970)
- i. RC Meßkurs taking into account the resources used in cancer treatment (EHK 13/1970)
- j. Cancer and constitution (EHK 13/1971)
- k. objectification of the effect of cytoplasmic therapy Biotonometry and spectroscopic studies (EHK 13/1971)
- l. The physical evidence of ozone therapy (EHK 13/1972)
- m. Spectral analysis of the blood (EHK 13/1972)
- n. Trace elements in the metabolism of cancer patients (EHK 13/1972)
- o. Biotonometry in medical practice (EHK 13/1973)
- p. Biotonometry in daily practice (EHK 2/1975)

- q. For Synopsis of blood minerals (EHK 4/1975)
- r. Thoughts on the 75th anniversary of the Karl F. Haug Verlag (EHK 8/1978)
- s. prior to the mineral and trace element research in terms of modern whole food nutrition and dietetics applied (EHK 13/1979)
- t. Ozone therapy in general practice (EHK 13/1981)
- u. Vegetative function and chemical topography in cerebrum (EHK 1/1985)
- v. Find out more about ozone and the ozone-oxygen therapy - Overview and Introduction (EHK 5/1985)
- w. Copper therapy: when, why and in which diseases? (EHK 1/1986)
- x. ozone-oxygen mixtures. Virological and immunological aspects (EHK 11/1986)
- y. Zinc therapy: when, why and in which diseases (EHK 12/1986)
- z. Non-specific treatment options of Schleimhautkatarrhs (EHK 13/1987)
- aa. Karl Friedrich Haug 1889 -1967 - A reminder to his 100th birthday (EHK 9/1989)
- bb. 40 years of experience healing - 25 Medizinische Wochenschrift (EHK 11/1991)

3. posts in the journal for blood and tumor diseases / cancer

- a. From the practice - for the clinic! (1/1969)
- b. The routing number (LZ -) - system in cancer events 1/1970
- c. The drug (1-3 / 1970)
- d. The importance of mineral balance in the cancer process and its consideration in the practical treatment (R / 1971)
- e. RC Meßkurs taking into account the resources used in the treatment of cancer (R / 1971)
- f. The importance of Biotometry for the clinically and practically make oncologists (5/1975)
- g. Trace element analysis of the blood and cancer diagnosis (5/1976)
